Program Penuaan Aktif

Datuk Sri Azalina Othman Said masih kekal aktif secara fizikal pada umur 58 tahun. Beliau telah menubuhkan Pusat Penuaan Aktif pertama di Malaysia. Beliau sedar bahawa negara kita akan mencapai status 'negara tua' pada 2030.

PENERAJU INDUSTRI

I graduated in 2017. Now, I am the Program Coordinator in ACEM. My field of interest is designing aerobic program for community and my competitions. ACEM has given me plenty of opportunities and has fulfilled my ambition.

Al-Amin, Johor - Cohort 1

I am the founder of Inochi Exercise and Rehab Center. I have learned all the necessary skills to set up my business during my college days at ACEM.

Ethan, Ipoh - Cohort 1

I have been educated and trained at ACEM as an Exercise Therapist and as a person. I am now pursuing my degree and actively involved in research in sudden death. I have picked up golf and I love the game.

Rajesh, Johor - Cohort 9

Hey, I design this brochure! It was just a hobby that turn into a career. I still practice Exercise Therapy professionally in community programs and in Exercise Clinic.

Misha, Kedah - Cohort 9

I am now pursuing my degree in psychology and I am training to be a bodybuilder. I have learned setting up Exercise Clinic and design exercise machine. I am a teaching assistant at ACEM and involved in the active ageing program.

Nora, Sabah - Cohort 10
